

HCS Dual Charging Station

Shown: HCS-D40 starting at \$1349

CHARGE TWO ELECTRIC VEHICLES WITH ONE CHARGING STATION, ONE CIRCUIT. ClipperCreek's HCS Dual Charging Stations automatically split power between two vehicles based on the vehicle's request for power. Recent additions to our HCS-Dual Series include the HCS-D50 and the HCS-D50P plug-in option, which provide up to 20 Amps to each vehicle when two are charging and up to 40 Amps when one vehicle is charging. The HCS-Dual Series charging stations are economical, maximize existing electrical infrastructure and can be wall-mounted or installed with one of ClipperCreek's free standing pedestal mount options.

- **FAST CHARGING** - Up to 9.6kW of power to charge your vehicles quickly
- **ADVANCED** - Double vehicle charging capacity without infrastructure upgrades
- **CONVENIENT** - Two 25' charging cables for installation flexibility and superior vehicle reach
- **DURABLE** - Rugged, fully sealed NEMA 4 enclosure for installation indoors or outdoors
- **RELIABLE** - Backed by ClipperCreek's best in class warranty and outstanding customer service
